

VITAE

Guru Prasad Mandal did his graduation (Bachelor of Science) in Physics Honours from Sri Ramakrishna Sarada Vidyamahapith, Kamarpukur, Hooghly (Burdwan University), West Bengal. He did his post graduation (Master of Science) from C.S.J.M University, Kanpur, U.P. Afterwards he qualified all India GATE entrance test with a rank of 159 and joined in M.Tech program in Cryogenic Engineering at Cryogenic Engineering Centre, Indian Institute of Technology, Kharagpur, West Bengal, India and completed it on 2005. In the same year, he joined in Ph.D. program at the same centre in the area of Condensed matter experimental physics. Over his long academic career, he has gained experience in the field of Experimental condensed matter physics, transport and magnetotransport properties at low temperatures, magnetic granular composites etc. He has already published three papers in international journals of repute, one in national journal and has made about a half a dozen of presentations both at national and international level.
