

CONTENTS

	Page
I Introduction ...	1
II Review of literature ...	5
III A. Scope of the Investigations ...	17
B. Characteristics of the soil ...	18
C. Programme of work ...	19
IV A. Equipment and technique for Infiltration studies ...	23
B. Proceedure for infiltration measurement ...	27
V A. Equipments for soil moisture studies ...	31
B. Proceedure for soil moisture determination ...	33
C. Bulk density and Pore space ...	44
VI Results ...	47
A. Season and Infiltration ...	49
B. Tillage and Infiltration ...	54
C. Tillage and soil moisture evaporation ...	66
D. Effect of tillage on bulk density, porosity and void ratio ...	78
E. Effect of rainfall on the pattern of infiltration ...	79
F. Cover crops on infiltration ...	83
G. Cover crops and soil moisture loss. ...	101
H. Soil moisture content and infiltration ...	107
