

Curriculum Vitae

Ravindra Mukhiya was born in India on 5th March, 1979. After finishing his schooling in 1996, he obtained his Bachelor of Engineering (B.E) in Electronics and Communication from Barkatullah University, Bhopal India in 2000 and subsequently Master of Technology (M.Tech) with specialization in Communication from Malviya National Institute of Technology, Jaipur India in 2004. From July 2004 to October 2009, he was a Research Scholar in the Electronics and Electrical Communication Engineering Department, Indian Institute of Technology, Kharagpur, India.

From March 2001 to February 2002 he worked as a Lecturer in an Engineering College in Bhopal, India. His research revolves around Micro-Electro-Mechanical Systems (MEMS), especially in CMOS compatible process and technology development. His present focus is on inertial sensors. He has been a reviewer for IOP Journal of Micromechanics and Microengineering and also a few conferences like VDAT 2007 and ICMEMS 2005. He is a Life Member of the ISSS, India, and student member of VSI, India. Presently, he is working as Scientist Fellow in MEMS and Microsensors group at CEERI, Pilani India.
